

# Welcome to Juist A guide for the island

**Hello and welcome to Juist,**

Nice to you here! We hope that you enjoy your stay with us. To help you get off to a good start on the island, we have put together everything you need to know about the island. From local tradespeople to the municipal administration and leisure activities - this guide will make you "fit for the island" and help you find your way around your new place of residence. It offers you lots of helpful information and practical tips for everyday life on Juist.

We would be delighted if you would also play an active role in our island community. There are opportunities to do so in our associations, churches, in youth and social work or in local politics, for example.

You are welcome to the Juist neighbourhood management - a contact point of the island community that deals with the concerns of new residents, among other things. Our island pilot Mrs Schnake is looking forward to meeting you.

I wish you a pleasant arrival and lots of fun exploring our beautiful island. We are counting on you!

With best regards from the town hall,

Yours, Tjark Goerges Mayor and  
Spa Director

[www.spedition-peter-janssen.de](http://www.spedition-peter-janssen.de)

The following applies to the "big move" with containers:

## ARRIVAL

New on Juist?

You have decided to move the centre of your life to Juist, have found an apartment/house (and a job) and are now here.

Would you like to look around, make yourself known, make new contacts? Great, with this guide you have already taken the first step. Mrs Schnake, the island's neighbourhood manager, also known on Juist as "Insel-

The "pilot" is looking forward to your call, short message or e-mail. Together with you, she will find out whether and where/how you (and your family) would like to get involved, whether you would like to take part in leisure activities or social commitment. Whether you would like to "look" or want to join in somewhere.

Our village community centre at Hellerstraße 4 is currently being developed more and more into a meeting place where the

The meetings of the local council also take place here, or upstairs in the group room next to the neighbourhood office, where you can find out about the services on offer and perhaps even help to develop new ones.

This building complex also houses the island's youth room, where the young people can chill out and play billiards, listen to music together and play games using a projector on a large screen.

You can reach the island pilot at +49-4935-809324 or 0152-28628171 and at [quartiersmanagement@juist.de](mailto:quartiersmanagement@juist.de)

The **search for accommodation** on Juist should not be underestimated.

It is highly advisable to clarify the question of where you can live on the island in the long term before deciding to move here.

A large proportion of the islanders live in staff accommodation, because the living space is scarce. Please feel free to contact our housing co-operative at +49-4935-914020 or [www.geno-juist.de](http://www.geno-juist.de). On
